SKILLS

Programming: HTML, CSS, JavaScript, Tailwind CSS

Tools: VS Code, Git & GitHub

INTERNSHIP

SJVN Ltd.

NJHPS JHAKRI

Intern – SJVN Ltd. (Government of India PSU)

April 2023 – March 2024

- Gained exposure to professional work culture within a Government of India PSU environment
- Developed discipline, coordination & reporting skills

PROJECTS

Expense Tracker (Frontend)

Personal Project | HTML, CSS, JavaScript

- **Developed a secure authentication module** using vanilla JavaScript and **LocalStorage** to manage persistent user sessions and profile data
- **Engineered a real-time dashboard** that automates income/expense calculations and budget tracking through dynamic DOM manipulation
- **Implemented an interactive budget-tracking UI** with a visual progress bar that reflects spending limits

Food Delivery Website (Frontend)

Personal Project | HTML, CSS, JavaScript

- **Architected a dynamic product catalog** by fetching and rendering data from **JSON**, enabling a modular and scalable content delivery system
- **Developed a real-time search and filtering engine** using JavaScript to provide instant user feedback and a seamless product discovery experience.
- **Engineered a persistent shopping cart** with **LocalStorage** integration, allowing for stateful item management and total price calculation across sessions.

Todo List Application (Frontend)

Personal Project | HTML, CSS, JavaScript

- **Developed a persistent task management application** using vanilla JavaScript and **LocalStorage**
- **Implemented real-time DOM manipulation** to dynamically add, display, and remove tasks without requiring a page reload.
- **Integrated event delegation and input validation** to optimize task handling and prevent duplicate or empty entries in the list

Personal Portfolio Website (Frontend)

Personal Project | HTML, CSS, JavaScript

- Developed a responsive portfolio website to showcase projects, skills, and contact information
- Implemented interactive sections like About, Skills, and Projects.
- Added **dark/light mode toggle** for enhanced user experience and accessibility
